# Making EWGLAM even better: Possible discussion points

*Recall: “Guidelines ...”*

- 8 ET sessions
  - un-even attribution of time ok?
  - priority-setting by András, local host & ET chairs ok?
  - sessions appropriate for an ‘all topics’ meeting as compared to the ET specific workshops?
  - discussion time well prepared and used?
  - effectively only allow for 15’ talks (rather than 20’)?
  - *aside: shift deadline for first draft programme to end of June?*
